YOU EXPECT

THE GLOBAL SPECIALIST
IN ELECTRICAL AND DIGITAL BUILDING INFRASTRUCTURES

UX ONE

MORE THAN YOU EXPECT

- p. 02-03 Connected room, affordable & accessible
- p. 04-05 Timeless design
- p. 06-07 One device, multiple functions
- p. 08-09 Even further with custom features
- p. 10-11 Designed for a perfect integration
- p. 12-13 Open to 3rd parties

UX One flush mounted - Black Mat

Eliot is Legrand's connected devices program, which aims to inject the power of communication into Legrand's products and services wherever the Internet of Things can enhance the user experience.

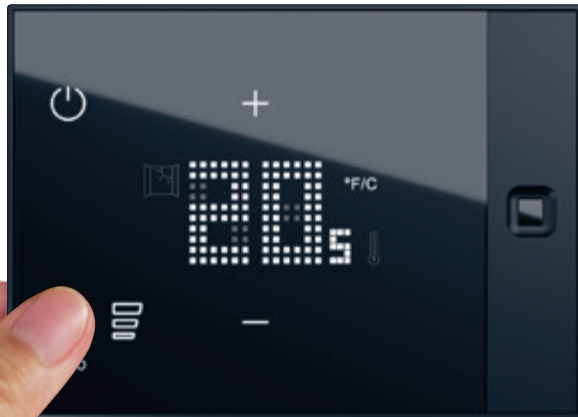

CONNECTED
ROOM,
AFFORDABLE
& ACCESSIBLE

UX One flush mounted - Black Mat

UX ONE IS AN ALL-IN-ONE DEVICE
REPLACING EXISTING THERMOSTAT

UX One is a smart and intuitive Guest Room Management System device to control HVAC, shading and light scenes management according to room occupancy and without additional room controller.

THE CONNECTED SOLUTION FOR SEAMLESS RETROFIT HOTELS

GREEN APPROACH

- Energy saving between 25% and 35% / year (based on average room occupancy/vacancy in one year consumptions linked to HVAC and lighting control)
- Fit to the existing infrastructure to limit the waste of a heavy retrofit and the use of new materials

UNIQUE IN-ROOM GUEST EXPERIENCE

PRODUCTIVITY

- Wireless connectivity inside and outside the room limiting huge investment on retrofit projects
- Room datas monitoring to simplify Hotel Staff tasks with Hotel Room Supervision software
- Remote diagnostics and maintenance for installer with Hotel + Project App

WELL-BEING

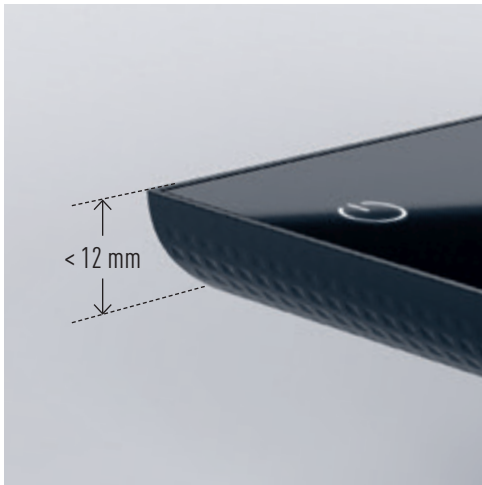

- Intuitive at use with a LED backlight available only when you need it
- A complete set of additional peripherals to control all the room equipments: lights, curtains, services and relaxing scenarios
- Contactless experience with no need of Key Card and compatibility with Vocal Assistant to activate and control the room

A minimal and refined design with thickness and glasseffect finish, the UX One connected thermostat was conceived for integration with all interior styles, and goes far beyond aesthetics for a richer user experience.

Smart sensors based on room occupancy and guest proximity detections to wake up the device.

Legrand's connected thermostat UX One is available in Black and White Mat colours, two elegant and timeless finishes.

The UX One connected device provides a light thickness (< 12 mm) with texture on the side. Details make the difference.

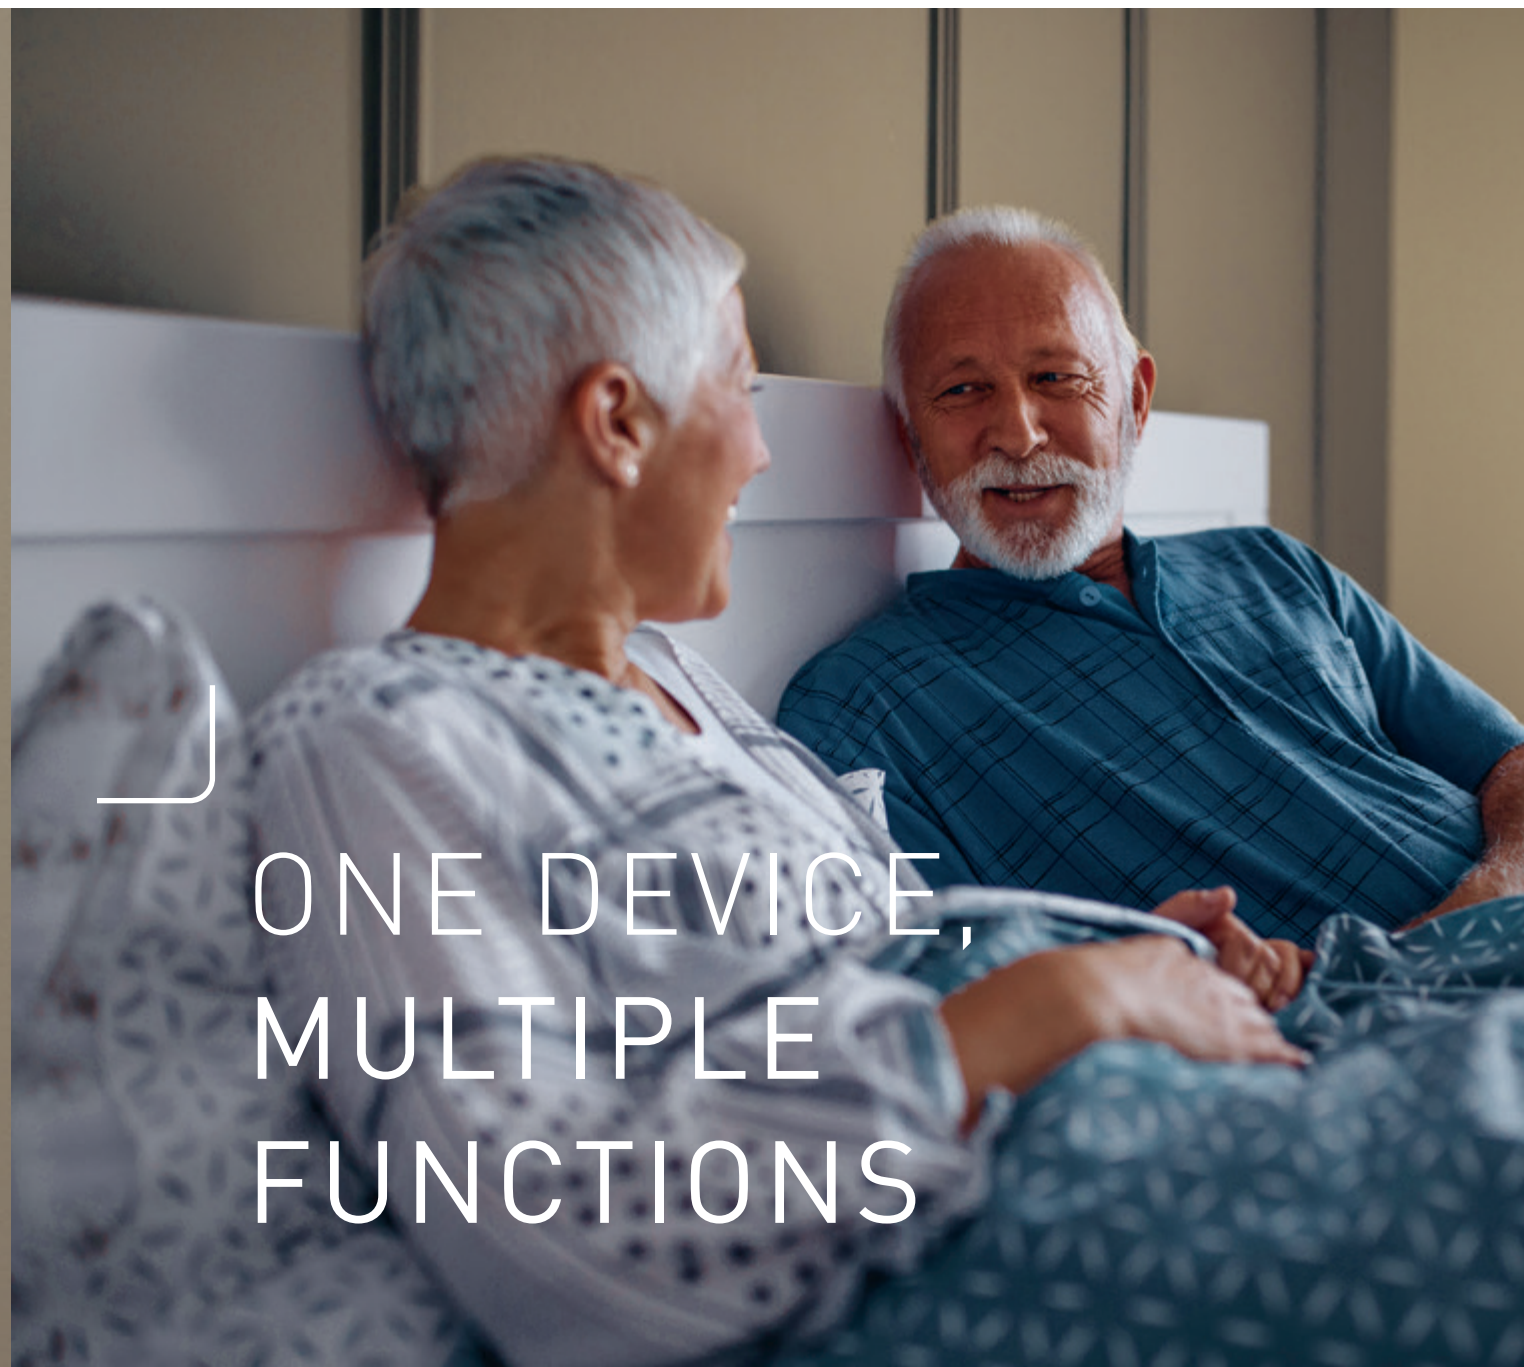

The Legrand's connected thermostat UX One can be surface mounted or flush mounted. The surface mounted option provides a convenient solution for retrofit project.

TIMELESS
DESIGN
